STATEMENT OF CPNI COMPLIANCE PROCEDURES

ICG Telecom Group, Inc. (ICG) has established and implemented internal policies and procedures to ensure compliance with the requirements of Section 222 of the Communications Act of 1934, as amended, (Privacy of Customer Information) and with the Federal Communications Commission's rules governing Customer Proprietary Network Information (CPNI) codified at 47 C.F.R. Part 64, Subpart U.

Responsibility for ICG's CPNI policies and procedures resides with the company's Vice President and General Counsel who has reviewed Section 222 and the FCC's CPNI rules and is thoroughly familiar with their requirements.

ICG does not make available to any affiliated or unaffiliated entity information which meets the definition of CPNI codified at 47 U.S.C. § 222(h)(1), except when required to do so by law (*e.g.*, when subject to a properly-issued subpoena by law enforcement departments). Neither does ICG use its customers' CPNI data for any marketing purpose, either internal or external, or other purpose affected by the FCC's CPNI rules.

ICG will disclose to a customer that customer's own CPNI information upon written request by the customer. It will also disclose that CPNI information to a person specifically designated by the customer such as, for example, an attorney who represents the customer in a matter where the CPNI information is necessary to the attorney's effective representation of the customer, but only upon receiving a direct request in writing from the customer.

Since ICG does not use CPNI for any purpose and does not, under any circumstances, provide CPNI to other entities (except when compelled to do so or as requested to do so by customers), it has not implemented either "opt-in" or "opt-out" approval procedures as those terms are defined at Section 64.2005 of the Commission's rules.

All ICG personnel having access to CPNI have been instructed in ICG's policies governing CPNI.

In the event that ICG in the future, would utilize CPNI or provide CPNI to other entities other than as described above, it will first provide customer notifications of their CPNI rights as required by the Commission's rules.

These procedures and policies have been specifically approved by ICG's corporate officers.

COMPLIANCE CERTIFICATE

I, Scott Beer, am Vice President and General Counsel, ICG Telecom Group, Inc. (ICG Telecom) I have personal knowledge that ICG Telecom has established operating procedures that are adequate to ensure that ICG Telecom is in compliance with the rules of the Federal Communications Commission which are codified at 47 C.F.R. Part 64 Subpart U (Customer Proprietary Network Information).
